

# CDP-2/5 (3/5)

## Multi-speed switch

### Features

- On/off switch and speed switch for multi-speed fans.

### Design

- Casing made of high-quality plastic.
- Flush wall mounting.
- IP40 ingress protection rating.

### Control

- Switching of fan speed according to diagram 1 and switching of fan speed in parallel with switching the light in the room, diagram 2.

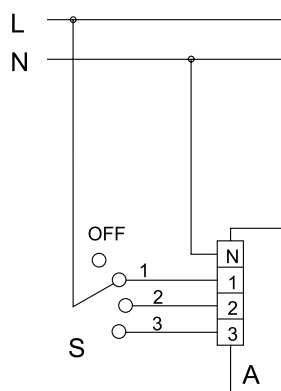

### Mounting

- Indoor wall flush mounting in a mounting box.
- Suitable for installation in standard electric junction boxes.

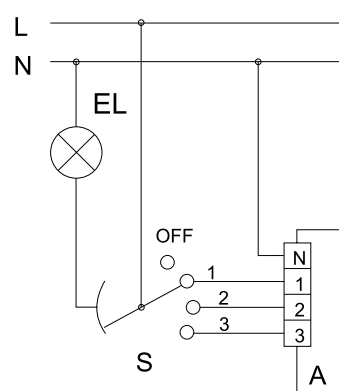

### Technical data

Parameters	CDP-2/5	CDP-3/5
Voltage 50 Hz [V]	1 ~ 230	1 ~ 230
Rated current [A]	3.0	3.0
Number of speeds	2	3
Overall dimensions AxBxC [mm]	88x88x51	88x88x51
Maximum ambient temperature [°C]	+40	+40
Ingress Protection	IP40	IP40

### Wiring diagram options

**Diagram 1.** The external switch S (CDP-3/5) switches the fan to one of three speeds and switches it off.

**Diagram 2.** The external switch S (CDP-3/5) switches the fan to one of three speeds and switches it off with parallel switching on/off the light in the room.
